Danielle Loffler Associate, NAI Welsh

As an Associate in NAI Welsh’s Office Brokerage Division, Danielle Loffler specializes in the representation of both tenants and landlords in the sale and leasing of commercial properties located throughout the Twin Cities East and Southeast metro.

As a graduate of the real estate and business programs at the University of St. Thomas, Danielle has sound economic, financial, and investment knowledge that she applies directly to her day-to-day dealings as a broker, tremendously benefitting her clients.

Danielle is a hard-working and dedicated real estate professional who is responsive to her clients’ needs. Whether she is marketing available space or helping to relocate a tenant, Danielle collects and analyzes market data to identify and negotiate the best solution for her clients. Her responsibilities include site search and selection, listing and showing properties, preparing client proposals and presentations, and obtaining detailed, market-specific information such as vacancy, lease expirations, transaction data, and ownership information.

Danielle is currently part of the leasing team for The Oaks Business Park, a master planned 650,000 SF mixed-use property in Oakdale, MN developed by Carlson Real Estate Company. She also assists in the leasing and marketing of several multi-tenant professional medical developments by MSP Commercial that are located throughout the Twin Cities.

In 2007, Carlson awarded Danielle’s team “Deal Maker of the Year” for their work in leasing a 60,000 SF single story office building to Hartford Insurance.
