

Robin Zellmer Vice President

Robin Zellmer is a Vice President of Corporate Services at NAI Welsh, specializing in commercial real estate consulting and corporate relations services. Robin provides exceptional owner and corporate representation services to companies throughout the United States and around the world. Her extensive knowledge and previous experience handling acquisition and disposition of commercial properties nationwide gives Robin a uniquely strategic approach to finding real estate solutions for her clients. She excels at matching clients' business and operational needs to the right property and has recently completed and/or are currently working on projects throughout the United States and internationally.

Robin is also responsible for new business development for NAI Welsh, working in close partnership with representatives of NAI Global, a network of national and international commercial real estate firms which gives us global access to 375 offices in 55 countries.

Prior to joining NAI Welsh, Robin served as a Vice President for UGL Equis. Before that, she handled the leasing and marketing of two million square feet of industrial space within Grubb & Ellis | Northco's portfolio of properties. She also provided consultation to real estate investors and industrial real estate users. Previous to assuming brokerage responsibilities with Grubb & Ellis, Robin toured new markets to identify investment opportunities and to determine the valuation and condition of assets.
