AREA OF EXPERTISE

As an Associate in the Office Leasing and Brokerage division of Colliers International, Matt Delisle works in close partnership with senior brokers to provide exceptional office leasing service to tenants and owners in the Twin Cities' Southwest and Northwest submarkets.

A detail-oriented professional, Matt stays abreast of market conditions by actively monitoring vacancies, lease expirations and transaction data. Matt's intimate knowledge of the local market is an asset during lease negotiations and enables Matt to help his clients make informed decisions.

Currently, Matt is a member of the leasing team that is responsible for marketing four buildings in the Arbor Lakes development of Maple Grove. An adept cold caller, Matt aggressively canvasses the market for prospective tenants.

A recent graduate from the University of Minnesota, Twin Cities, Matt graduated with a degree in Urban Studies with an emphasis on real estate. While in school, he supplemented his work in the classroom with an internship with the City of Minneapolis Assessor's Office where he completed an extensive research project on behalf of Minneapolis Mayor RT Rybak.
