

## Lynn Sloat Senior Vice President Genesis Architecture

A creative, solution-oriented architect with vast experience in all phases of the design process, Lynn Sloat is Senior Vice President of Genesis Architecture. This accomplished professional has more than 25 years experience in all phases of the architectural and design fields, with special emphasis on corporate development. Lynn was a founder of PM Design, which eventually became Genesis Architecture.

In his position, Lynn provides design services, creates construction documents, and oversees contract administration for a variety of corporate construction projects. He approaches every project, large or small, with thoughtful consideration of the client's goals, design expectations and financial requirements. In addition to third-party projects, Lynn also provides architectural consulting services to affiliate companies Welsh Construction and Welsh Companies, ranging from space planning and interior design to assisting clients through the entire design process.

Lynn's innovative ideas and tremendous level of knowledge and expertise create design solutions that are in line with our clients' needs today and into the future.
